European Cord of justice 27 July 2019

- *All breeding technics they knew in 2001 are exempted from the GMO regulation in ANEX 1B
- *All modern varieties must be GMO or ????
- *We need a new regulation for the future 2025 to 2050

Yes or No to NGT, is not a question. It is here,
it is coming in from All the world.
We need rules!

- * NGT is the basic breeding technics in 2030 when ever EU is ready or not
- * It will be spread in the EU without any control
- * The GMO law can not stop it, even when all Anex 1b new techniques must be GMO, you cant control it

PRM

- *DUS, Important to international UPOV convention 91
- ***VCU** Quality test important for the farmers
- *New **S**ustainability test and labelling **SVCU**
- *Breeding techniques labelling in Common Catalog

A man with a beard, wearing a striped polo shirt and blue shorts, is smiling while riding a brown cow. The cow is standing in a field of dry grass under a clear, bright sky. The background shows some trees and a distant horizon.

Thank you for your attention!
